RETURN CHARITY SOCCER MATCH

Eastern found no difficulty indefeating the Royal Navy in the return charity soccer match yesterday at Causeway Bay. The change came in the score sheet Chinese, playing a considerably reorganised team, won by two goals to one after leading one-nil at half-fithe.

It will be recalled that Eastern beat the Royal Navy in a charity game on Sunday, May 8, by four goals to three in an entertaining match and yesterday's game was a return encounter.

The proceeds are in aid of British Naval charities and the Chinese Friends of the Wounded Movement.

The play yesterday was not as entertaining as it was on the previous Sunday. The Navy team appeared very stiff and Eastern was "experimenting" with a new line-

SAPPER'S RECORD WIN IN WHITSUN HANDICAP

Three Three-Figure Dividends In Saturday's Races

MR. DON BLACK TOPS RIDERS' LIST

Some thrilling racing marked the first day of the Hongkong Jockey Club's Whitsun Meeting on Saturday, when a large crowd enjoyed a good afternoon's sport in typical summer weather. " Highlight of the day was the lowering of the One Mile record for Australian ponies by Mrs. A. E. Grasett's Sapper who won the Whitsun Handicap in dashing style in 1 min. 42 3/5 secs. lowering by 1-3/5 secs, the previous record held by Strathroy,

Although the going was excellent, the time, run in all the other races were slow, but there were many close and exciting finishes, and, except for three major upsets, dividends were moderatc. Favourites were prominent in many of the finishes however.

It was a day of long races, and It is noteworthy that the two best dividends were paid by the winners of the two sprint events over halfa-mile and 170 yards, West Lake paying \$222.20 on winning the first section of the Shatin Handicap and Emergency Call \$207.50 on winning the second section The last race also provided a surprise finish when Amber 11 flashed, past the post first to pay **3137.60.** 30.99

Mr. Don Black was the most successful jockey with three wins and a second while Mr. H. J. A. Hearne had one win and three places. Messrs. Wood, Yeung Wing-kai, S. W. Pan, S. . L. Sung and H. S. Chang rode a winner each.

The Daily Double paid \$273.10 to each of 30 ticket-holders of the correct combination of Thirty-Six and Centre Court, Altogether 182 tickets were sold on the Double Parl-Mutuel,

The meeting opened with a mild upset when Gladiator won the first race to may \$28.50, the favourite Advancing Time having failed completely.

TWO-HORSE SHOW

The second race was a twohorse affalr in which after two false starts in which Catterick Bridge went off with a flash, both ponies were sent off together. Catterick Bridge took the lead and, was slightly in front all way round to the distance when Rowan challenged and the two raced neck and neck in a thrilling finish in which Rowan passed the post half-a-length in front with five pourids in hand. Catterick Bridge win by half a legnth. gave the other candidate 20 lbs. and this may have been mainly why Rowan carried most of the betting.

Eve of Reason was the only other favourite to finish first. the Whitsun Handlcap Far View. hot favourite was beaten by Sapper, while Australian Diamond. the second favourite was third. The favourite in the fifth race, Strathbannock, was also beaten by Thirty-Six who paid \$34.40. and in the first section of the Shatin Handicap the favourite Sunlight View was again, second. In the Spencer Handicap the favourite Income Tax was third. while in the remaining events the favourites failed badly.

Following are the full results with brief notes on how the horsen ran:-

FIRE ON JUNK WITH 400 TINS OF GASOLENE

Two fire-floats sped through the harbour in the early hours of Saturday morning to a cargo junk containing 400 tins of gasolene which was ablaze off Lyemun Pass It was nearly two hours before the fire fighters were able to bring the flames under control.

Cause of the fire is still a mystery. According to the master of the vessel, Yu Tan, one of his fokis was cooking not far away from the inflammable cargo and he believes a spark might have set the gasolene ablaze.

The flames burst forth with such suddenness that one of the men on board was severely burned. He is now lying in a serious state in the Kowloon Hospital. The other two men on board, one of whom was the master, managed to jump overboard, but not without slight

The burned-out junk was towed to the Yuamati typhoon shelter.

PRISON PRINT SHOP CLOSED

In order to segregate young prisoners between the ages of 17 and 21 from older convicts, it is understood that the space used as the printing shop at Stanley Prison is to be used for the purpose. The equipment has been while sold and the authorities have decided to give up printing in the prison.

The prison authorities are planning"a new scheme of work for those prisoners who were formerly employed in the printing shop. It is now proposed, it is reliably learned, to put the men to work on making concrete blocks for building purposes and also to cultivate vegetables. It is also believed that some of the men will be put on reclamation work.

In addition to the responsibilities of his premiership he has shouldered the duty of watching over the country's defence measures and of his ability to satisfy the people that everything possible is being done for the conduct of the war there can be no doubt. The new Prime Minister paid a fine tribute to his predecessor by the inclusion of Mr. Chamberlain in the War Cabinet to the office of Lord President. It indicates to what an extent the former Premier's statesmanship is still valued by his colleagues. The most interesting features of the new Cabinet, however, are the seals of office given to the Leader and Deputy Leader of the Labour Party, the return of Mr. Anthony Eden to the important post of War Minister, the entrusting of the Air Ministry to the Liberal Leader, Sir Archibald Sinclair, and the placing of the First Lord's office in the hands of Mr. A. V. Alexander.

MR. C. R. ATTLEE was last in the Government in 1924. when he was Under-Secretary for War, though in 1931 he held the office of Chancellor of the Duchy of Lancaster. LONDON, May 11 (Reuter)—A graphic description of the methods employed by German parachutists in Holland and of the gallant recapture by Dutch troops of the Rotterdam Airport and Dordrecht, was given today by the Netherlands Foreign Minister, Dr. E. N. van Kleffens, who is in London.

With the recapture of Rotterdam" airport, Dr. Kleffens stated, not one Dutch aerodrome is now in German hands. Heavy losses were suffered by the Netherlanders in the attack and the German troops were annihilated.

The Dutch attacked the Germans at Rotterdam airport at 8 o'clock in the morning after the R. A. F. yesterday afternoon had heavily bombed German planes on the landing field. At 10 a.m. the aerodrome was again in Dutch hands, after stubborn fighting.

German parachutists who had landed here were dressed in Dutch, British, French and Belgian uniforms.

Other Nazis landed in the Estuary and still others came ashore from river barges immediately seizing control of the

Strong Dutch patrols were detailed to mop up the Germans. WIPED OUT

The groundwork for the operations was well and truly laid by the R. A. F.

British bombers attacked before the Nazis had time to erect antiaircraft defences. They found the hangars blazing, presumably having been set on fire by the Dutch before they evacuated.

TROOP PLANES WRECKED

Scores of German planes, including 50 troop carriers were lined up at the edge of the airport and the British planes dropped bomb after bomb.

The smoke became so thick that the British airmen were unable to see the result of the raid, but the damage done must have been considerable.

In the first dive-bombing attack pilot and other members of the alone, four Nazi planes were set on fire.

ALLIED TROOPS GUARD OIL REFINERIES ON ARUBA ISLANDS AND CURACAO

LONDON, May 11 (Reuter)—It is learned in authoritative quarters in London that the Netherlands, French and British Governments have been in consultation on steps to be taken to prevent possible German troops to sabotage important oil refineries in Curacao and Aruba.

In view of the danger that the local authorities might have insufficient forces at their command to deal with such "attempts, it was agreed that an Allied force should at once be dispatched to co-operate with the local administration in the execution of the necessary measures for the security of the islands.

The Allied units have already landed and have been cordially welcomed.

LONDON, May 11 (Reuter) -The Chicago News Service says that speculation that Hitler lacked supplies to sustain a long war of siege seems to have proved right.

The Gothenburg paper, Goteborgs Handels Tidning, says that the pressure on the German people was clearly becoming overpowering. They could not stand another winter. It looked to them to be above human endurance to keep their courage at such a prospect. It was necessary to try to obtain a decision before the German people's nerves broke. Hence the attack on Belgium and Holland.

FIRSTLY, the attitude which Britain France and the United States will take towards the Dutch East Indies-"depending on the attitude of the United States that there is danger of the war spreading to the Pacific."

THIRDLY, the possibility of Britlain oproposing joint control of the Dutch East Indies by the Allies, the United States and Japan; and

FOURTHLY the necessity for the Allies to concentrate their influence all the more in Europe. Concerning the fourth point the Hochi Shimbun says that for General Chiang Kai-shek the

LONDON, MAY 11 (REUTER)-Military circles state that Selon, in south" Luxemburg, is reported to be in Allied hands. German forces are reported to have reached the outer defences and crossed the-Albert Canal at Maastricht and making a strong drive towards Roermond. *

The main 'German' advance appears to be to the north of the Rhine towards Almelo, Hengelo and Arnhem where a fight is proceeding. German troops are reported to have penetrated as far north as Groningen. The Germans, as far as is known, have not debouched southwards from the Luxemburg frontier.

ATTLEE CABINET

LONDON, May 11 (Reuter)-Leaders of the three parties are participating in the Government whether members of the War Cabinet or not, and will be consulted when questions arise affecting the general character and aims of the Government, including conditions of peace."

Reuter's Lobby Correspondent writes: "The size and nature of the appointments shows that Mr. Churchili has accommodated himself to a view other than his own.

"The demand for a smaller War Cabinet has been insistent and though Mr. Churchill himself has pointed out in the depate certain possible limitations of such a body he now adopts it.

"An idea has been prevalent in political circles that Mr. Chamberlain would return to the Exchequer and release the Premier from routine Commons duties by taking the leadership in the House of Commons.

LEADERSHIP OF COMMONS

"Neither Labour nor some backbench Conservative opinion peared to like the plan. In an case there is no leadership of the Commons mentioned in the official announcement, which leaves nominally in Mr., Churchill's hands

"Mr. Eden's new appointment will be popular and Sir Archibald Sinclair will be felt to have fitted himself into the general scheme without "regard to personal or party status in a manner that should make his appointment generally acceptable.

WELCOMED IN CHINA

CHUNGKING, May 12 (Reuter) -Chinese circles generally welcome the change in the British Cabinet, particularly Mr. Winston Churchill as the new Prime Minister.

While no comment was forthcoming from official quarters, Chinese newspapers, in biographical sketches this morning said: "Last, year when the blockade of the Concessions took place Mr. Churchill, in an article, strongly condemned the Japanese militarists and opposed a compromise with Japan. He paid a tribute to Generalissimo Chiang Kai-shek and expressed confidence in the

Chinese ultimate victory." Ever since the Mukden Incident nine years, ago, Chinese circles have been dissatisfied with policy of the British Government, under Earl Baldwin and Mr. Neville Chamberlain, which was considered here as a "policy of compromise."

In recent months Chinese quarters have been particularly anxious over the British policy as the result of last year's understanding between Sir Robert Craigie, British Ambassador in Tokyo and Mr. Hachiro Arita then Japanese Foreign Minister the recent British proposals for a settlement of the Tientsin silver question, well as Sir Robert Craigie's speech at the luncheon of the Britain Japan Society in Tokyo.

OMINOUS SIGN The Chinese see an ominous sign in the explanation offered by certain British circles alleging that Britain cannot afford to be involved in a war with Japan in the Far East when she must concentrate all her resources on the Euro-

pean war. growing lack of confidence in the British friendship was indicated by the fact that the Chinese newspapers are printing less and less of British news reports, which they published almost exclusively in the early stages of the European war, which resulted in complaints from German and Soviet quarters.

During the past few months a 'noticeable change has been taking place as the Chinese press, featuring more and more news reports carried by American news agencies. In fact, there has been a fear in the minds of many Chinese that a show-down must come soon when
